

CE TYPE APPROVAL CERTIFICATE

n. **591153505/OE**

2015/08/28

This is to certify, that the hereunder described items of Personal Protective Equipment have overcome positively the "CE type examination", proving their conformity to the safety and health requirements of the Directive 89/686/EEC.

Manufacturer: (Responsible of the PPE)	ALBA & N. s.r.l. Strada provinciale Trani-Andria km. 2 - 76125 Trani (BT) - Italia	
Type of PPE:	Safety footwear in conformity with EN ISO 20345:2011 class I (= footwear in leather and other materials, excluding all-rubber or all-polymeric footwear).	
Category of PPE:	II: Personal Protective Equipment against "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"H25K"	
Description:	 <p><u>design</u>: B (ankle boot); <u>fastening system</u>: none; lateral elastic bands on the quarter; <u>processing</u>: direct injection; <u>sole</u>: black PU marked "oil resistant antistatic" (PUANTISTH); <u>midsole</u>: grey polymeric material; <u>upper</u>: black grain leather, art. Anilina Idro (ANILINALI); <u>tongue</u>: extension of the upper; <u>vamp lining</u>: grey felt (FODIBILINEGRI); <u>quarter lining</u>: black three-dimensional fabric, art. Hong Kong (HONGK); <u>insole</u>: white multilayered fabric with blue printing "KNOX T system EN 12568:2010 approved" (KNOXZ), zig-zag double X stitching with antistatic thread on the sole of the foot which also has the function of <u>penetration resistant insert</u>; <u>removable insock</u>: grey foam matched with Cordura-like fabric on the side which is in contact with the foot; zig-zag double X stitching with antistatic thread and perforation on the sole of the foot (SOTTSCHIU); <u>toecap</u>: light grey composite material, art. R149 marked EN 12568, with size indication; transparent polymeric arch-shaped insert inserted in the midsole and placed underneath the toecap flange.</p>	
Technical Standard:	EN ISO 20344:2011 (UNI EN ISO 20344:2012) EN ISO 20345:2011 (UNI EN ISO 20345:2012)	Personal protective equipment – Test methods for footwear Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 38 to 47.	
Technical File:	DC-7472/E (including Application to RCT and Technical Documents).	
Test report:	RCT n° 343007.01/E	
Basis of evaluation:	applicable requirements of European Directive 89/686/EEC and reference Standards.	

CE TYPE APPROVAL CERTIFICATE

n. **591153505/OE**

2015/08/28

Functions and
performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2011):
all mandatory ones, among which:

SRC = Slip resistance - meets the following requirement:

- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):

S3 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil, water penetration resistance and absorption (water-repellent upper), penetration resistance, cleated outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a label stitched inside the upper, on the bellow-tongue – it includes the following information:

(see example below)

- **CE Marking** attesting PPE conformity to all the provisions of Directive 89/686/EEC (and any subsequent amendments);
- name of the Manufacturer ;
- unique/unambiguous identification of the footwear (art. alphanumerical code);
- Technical Harmonized Standard of reference;
- safety symbols;
- size of footwear (printed in the outsole);
- month and year of production (printed in the outsole with a clock indicator).

CE
ALBA & N srl
Art. H25K S3
PATENTED 000947304
EN ISO 20345 :2011 S3 SRC
MADE IN ALBANIA

Note: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.
The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
